The past week has seen some wonderful presentations across the board from our Big Picture students. Excelling in the classroom, Milly also represents at an elite level in rugby.

**Sport****Taking the Initiative**

One of our Rugby students, Aiden Chambers is making huge strides in pursuing his passion, suggesting to his CCSC coach Max Malkin that he would visit local Rugby clubs to ascertain the differences in how they're run vs school sport. He now runs the Under 10 & 11s at Kariong Rugby and we've received some very positive feedback from the Junior Coordinator and women's coach regarding Aiden's organisation, communication and maturity. One particular group of parents said it was the most organised club training session they'd seen in the 4 or 5 years their child had been playing. Aiden is very proactive and sees coaching as a career opportunity.

**Athletic Development Week 8**

Check out our students in their athletic development sessions. 100% effort and application.
