## The Newsletter

Term 3 Week 7 August 31- Sept 4

### Whole College News

Please note that effective from Monday the 7th of September, students will not be permitted to wear slides. The only exception to this would be senior students who wish to wear these after they have showered and are walking from the showers to get their gear to change into their shoes. The reason behind this is because we are trying to raise our collective expectations and standards with respect to us being a sports college. Student-athletes should wear joggers/trainers/runners - slides are not appropriate footwear for student-athletes. Anyone wearing slides will be reminded to immediately change into their shoes in the first instance and repeat offenders may be escalated for further disciplinary action.

#### Letter from Governor of NSW to Year 12 students

Recognising the difficulties faced by Year 12 students due to Covid-19, Margaret Beazley, the Governor of New South Wales, has contacted schools with a message of support for our students, as well as all other Year 12 students. [Please click here](#) to read more from the Governor.

### Mental Health Awareness Campaign

Nicholas Booth organised a fundraiser for mental health for his Big Picture Social Action project. On Tuesday September 1st he and his team, comprising other CCSC students and staff, took part in the Mulletts for Mental Health campaign run by Black Dog Institute. We congratulate them on a very successful event that was a lot of fun, with approximately \$4000 raised for mental health research. [Please enjoy the short video.](#)

### RUOK?Day

In line with the fantastic work our Mulletts for Mental Health team have been doing to raise awareness of mental health, CCSC will be celebrating RUOK?Day on Thursday 10th of September. RUOK?Day is Australia's national day of action dedicated to reminding everyone that every day is the day to ask, "Are you OK?" and support those struggling with life's ups and downs. We would love to see our staff and students helping raise awareness for this incredible cause, so get involved by wearing something yellow on Thursday and taking time to ask someone you care about if they are okay?

On Thursday, homeroom teachers will also be helping their students across the school by starting a conversation designed to introduce and emphasise the value of close connections and strong relationships. The focus will be on looking out for one another and lending support.

### Big Picture Book Review - I am Uluru

Euan McEvoy-Folland recently finished one of the five books he is reading as part of the Big Picture program. [In this video review](#) he shares his thoughts and recommendation about the book.

**Big Picture Social Action Project - Milly Lupo**

Milly Lupo's Big Picture project is based around her gaining an understanding of her culture, so for her social action project she has organised a 'Boot Box' for the collection of used or unworn boots to send back to Samoa. It's a great way to recycle those unused boots and help those with less. Please bring in boots and place them in the boxes located in buildings 16, 21, 27, 40 and the Wellness Centre.

#### MS Readathon

What a fantastic effort from everyone who took part in the MS Readathon this year. As you can see we went very close to raising the targeted amount. Just as important though was the reading experiences the students enjoyed through the books they read. Congratulations to all. Pictured are Vincent Simms, Harrison Fogg & Ruby Chadd-Dufficy, three of the students who took part.

# CENTRAL COAST SPORTS COLLEGE

Throughout August our school is taking a magical quest... and it is all for one incredible cause! We will be reading as many books as possible to raise funds for kids who have a parent living with MS. Funds raised will go towards sending kids on awesome Family Camps. Thank you for supporting us!

### Sport

#### Year 9 Sport

The college is excited to be hosting Rohan Browning via Zoom next Monday September 7th. Rohan will represent Australia in the 2021 Tokyo Olympics in 100m and will be sharing his personal athletic journey, culminating in representing Australia, with our Year 9 students. They will spend the first hour of their sports session participating in this presentation with our guest Olympian, who will be talking about the importance of goal setting and other aspects of elite

performance. Students will have the chance to ask questions at the end of his presentation. Rohan's visit is part of the Olympics Unleashed series that connects Olympians with school students.
